What happened?

Pennants

With just two rounds to go in the regular season, we are not completely out of contention. Grade 4 with two sections has Penno in second, with third place 7.5 points behind. That half point last week might be worth something yet.

Grade 5 is also in two sections currently in 4th place, 18 points behind 2nd position. And Grade six is in one of four sections and in 4th place, only 10.5 points to catch second place.
